

With up to 20 million visitors a month, wetter.com is one of the most popular online weather portals in Germany, Austria and Switzerland. At our locations in Munich, Berlin and Constance, more than 70 meteorologists, editors, developers, technicians, designers, sales managers and data professionals, among others, work on our products with a lot of passion and fun. In addition to the wetter.com offerings for desktop, mobile and TV, these include our winter sports portal snowthority. We also offer weather data-driven business solutions that help companies optimize processes and leverage new business potential.

We are a wholly owned subsidiary of ProSiebenSat.1 Media SE.

To strengthen our product management team at one of our locations in Berlin, Konstanz or Munich, we are looking for a

(Senior) Product Manager (m/f/d)

We are looking for an experienced Product Manager not only to strengthen our teams building products for international markets but also to enhance the core user experience with better weather forecasts and simple-to-understand interfaces across all platforms.

Your task

- Make life easy for millions of users across the world, helping them plan their daily activities, travel, or holidays by considering the weather impact
- Develop features for all wetter.com platforms (web & native apps) across international markets
- Envision new products and features discovering new audiences and use cases
- Work closely with the weather forecasting team and take the lead on forecast innovation
- Think in iterations - build, measure, learn – to validate ideas early and show the business value to stakeholders
- Define roadmap and prioritize platform backlogs together with platform owners
- Create product specifications using user stories, flow diagrams, acceptance criteria, or whatever fits better, after validating solution design with the user research manager, UX/UI designer, and involved stakeholders

Your profile

- 3+ years of experience in product management in an agile environment
- Experience in building multilingual native apps with a mobile-first approach for the web offering
- Very structured and analytical brain, thriving with problem-solving challenges, adjusting easily to moving targets, and able to articulate the rationale behind decisions to the team, company leadership, and other stakeholders
- Effective communicator – German language is a plus for direct contact with the end-users (user interviews, surveys...)
- Prior knowledge of meteorology or machine learning is a plus

Your Benefits

- An own area of responsibility with space to develop your own ideas and concepts
- Our corporate culture is characterized by team spirit, open communication and dynamic atmosphere, flat hierarchies and short decision-making paths
- We work in a hybrid model with home office and office presence
- Uncomplicated cooperation: We have a You culture with no Mr uns Mrs and are detached from dress codes
- A variety of additional perks and employee services in a leading Media Company
- Promotion is very important to us
